## Could a psychiatrist help you help your patient?

The GP Psych Support service provides GPs with free patient management advice from our team of psychiatrists. The service operates 24 hours a day, 365 days a year. GP Psych Support provides specialist advice in drug & alcohol psychiatry, child & adolescent psychiatry as well as perinatal psychiatry, geriatric psychiatry and general psychiatry. You can provide patient information by submitting a webmail query at [www.psychsupport.com.au](http://www.psychsupport.com.au) by calling 1800 200 588, or by sending a completed FaxBack form, downloadable from [www.racgp.org.au/gpsychsupport/access](http://www.racgp.org.au/gpsychsupport/access) to 1800 012 422. GP Psych Support is managed by the RACGP, although you do not have to be a member to use the service. To register with GP Psych Support, please call 1800 200 588 or visit [www.psychsupport.com.au](http://www.psychsupport.com.au)
